## MINISTRY UPDATE

We have now been privileged to be in 13 states holding meetings with 11 pastors in 8 of those states. What a joy to meet God's men, their wives, and their families! Each pastor and church carry their own set of challenges, but continue to persevere for the Lord in their unique ministries. It is a joy to commune with the pastors and their families as they share new visions and the burdens on their hearts. Truly they are the soldiers in the trenches fighting spiritual battles for the Lord. We count it an honor to serve these men of God and their families.

Our hearts have been blessed to see the 100s of decisions for the Lord involving salvations, family decisions, and obedience in discipleship areas. It is thrilling to see the joy on the face of a new believer! We have been able to use our music in all of the churches and have seen a good response to the Christian resources on our book table.

### Q: What is it like to be on the road full time?

A: It is a challenge in daily living, looking for post offices, banks, and grocery stores. The frustration points concern communication issues with cell phone and internet coverage, plus weather affects our travel and living in Big Phae.

## BIG PHAE AND LITTLE J

*Over 5,000 miles at 6.4 mpg on Big Phae. Over 3,000 miles on Little J. You should have seen our faces when we went to pay a repair bill on Big Phae, and someone had anonymously taken care of the bill! We fell on our knees, wept, and thanked the Lord for His provision.*

## LUCY ON THE ROAD

While spending the night at a Camping World (our second home), the Texas winds were so high, the Lucy's had to pull the slides in. Lucy was cleaning up dishes and tried to reach around the slide into the cupboard to put them away. Much to her dismay, dishes fell out of the cupboard down into the slide. To top it all, a couple of the non-breakable dishes broke! How to get them out of the slide? She got the sweeper attachment to reach and try to pull the broken dishes out. The end of the sweeper came off and now was stuck in the slide with the dishes! Mr. Lucy to the rescue! He ran out and brought in the metal piece he uses to pull the jack boards out. Voila! He was able to retrieve the broken pieces, the sweeper attachment, and the other plates. Hurrah!!
