MINISTRY NEWS - Summer ministry took us to the western states of IA, ID, MT, and WY. We experienced a variety of ministry through preaching, Sunday school classes, staff in-service, men's and ladies' special events, soul-winning endeavors, special music, and opportunities to encourage pastors and their wives. We rejoice in the decisions made. One pastor shared lasting results three weeks after our meeting. The transmission locked while coming down a 10% grade in Wyoming, but re-booting it like a computer made all well again! We were so grateful!

UPCOMING EVENTS - In September, we begin a six-week stay in our home state of PA where we will have 8 local meetings. In addition, we will be teaching in Mt. Zion's Bible Institute, speaking at a Shepherd's Retreat, getting vehicle inspections, and keeping medical appointments. We hope to squeeze some time in for the grandchildren, too!

NEED: As we wind toward the Fall maintenance for Big Phae, Little J, Big Randy, and Little Shirley, we are aware of our dependency on regular supporters. RV maintenance and upgrades last Fall which totaled over \$13,000 were all budgeted from the sale of our home. While we have a budget item for this, ongoing surprises and some low offerings have drained the fund. Of the \$2000/mo. support we need, we currently receive \$625. Simple Math tells me that if 28 churches or individuals could commit just \$50/mo., our shortfall would be met.

We are asking God for 14 of those \$50/mo. ministry partners by mid-October. If we have been a blessing to you or your church, **would you consider helping us?** If so, please let us know. Send checks to Randy Starr or Starr Ministries at our address in the header. Thank you in advance.

Several of the folks who consistently interceded for us have recently passed away. If the Lord would lead you to **partner with us in prayer for this ministry**, we would be grateful. Let us know.

THANK YOU - It takes a lot of people working together to keep us on the road. There are faithful folks who intercede for us, and some who send notes or e-mails of encouragement. **Swiler Delp** in our home church ships our prayer letter and prunes our database. **Bill Hardecker** puts the finishing touches on our prayer letters. **Cody Stinson & Angie Delp** keep our websites up-to-date. Jenny Starr handles all our mail, fills online orders, and does our banking. **Gene Sharp** designs our book covers and our literature. You share in the fruit of our ministry.
