A Day in the Life of an Evangelist . . .

Travel here, Travel there, Travel everywhere, then Arrive! What do we do when we arrive? First, we find the easiest way to get all of the books and horns into the church building. We back Big Red up as close to the door as possible and begin unloading books. Once inside, we set up the booktable and horns, then practice for the offertory. After that, we go to the prophet’s chamber or hotel and unload clothing, computers, etc. into our place of abode (especially the snack box!).

Sometimes the pastor wants to fellowship or there are other responsibilities like visitation, teaching or speaking to a group, etc. Whatever the pastor wants—his wish is our command! There are lessons and sermons to review, clothing to prepare, an accompanist to find, (snacks to eat), and praying to be done!

The first day of the meeting is getting to know the pastor and the people, teaching, preaching, and ministering in special music, then finalizing messages. Our prayer and goal is to see people saved and believers challenged, edified, and equipped to better serve the Lord. We don’t want “just another meeting,” but desire to see a move of the Holy Spirit with changed lives.

⇒ Big Red’s first internal injury!

“As if it weren’t bad enough that the lady of the house knocked out one of my taillights, now they packed me so full of clothes that my clothes rod plastic hook broke right off the wall! I snickered as the clothes all fell onto the seat, and I heard them moan! However, it was soon fixed by a good Samaritan, Josh Daniels, from Pastor Scott Hanks church in Lawrence Kansas.” Thanks so much, Josh!
